**PORTFOLIO**

# About Us

Ten Delta ICT Pvt. Ltd. is your dependable partner for end-to-end IT Infrastructure, Unified Communication, AV Integration, Networking, and Industrial IoT solutions.

With over 12 years of experience, we have empowered B2B enterprises, channel partners, and government organizations across India by delivering reliable and scalable technology solutions.

As a trusted stockist and solutions provider, we work closely with globally recognized OEMs to ensure uninterrupted supply, expert technical support, and consistently high performance.

Backed by a dedicated in-house team, a consultative approach, and a channel-friendly ecosystem, Ten Delta has become the go-to choice for resellers, system integrators, and consultants across the country.

# Our Vision

At Ten Delta ICT, our vision extends beyond delivering products—we aim to be a catalyst in building a **technology-driven future**.

We are committed to enabling a world where **technology streamlines operations, boosts efficiency, and drives innovation** across every industry.

Our work is anchored in our core values:

#### Integrity

- Professionalism
- Punctuality
- Discipline

We maintain a **customer-first and OEM-centric** approach, ensuring that every solution we offer is future-ready and aligned with global standards.

Together with our partners, we envision a future where **IT infrastructure is not just a need—but a strategic growth enabler** for businesses everywhere.
